

CLASSIC ADVERTISING CONDOMS

Mandatory information:

The positions and texts of all fields with mandatory informations (A) have to remain without any changes! Except for the BILLY BOY-Logo, the colour of texts is your choice. We will provide the correct condom details. Your can receive the text field in TIFF format for layout-purposes on request.

Design of the front:

All free areas can be designed individually in 1 to 4 colours according to Euroscale. All background colours can also be chosen individually.

Requirement for printing-data:

For a full-surface design, please provide a trim of min. 5 mm on all sides. Possible data-formats: PDF X-3 or 4, JPG, TIFF, EPS. Pictures need to have a resolution of min. 300 dpi.

Important hint:

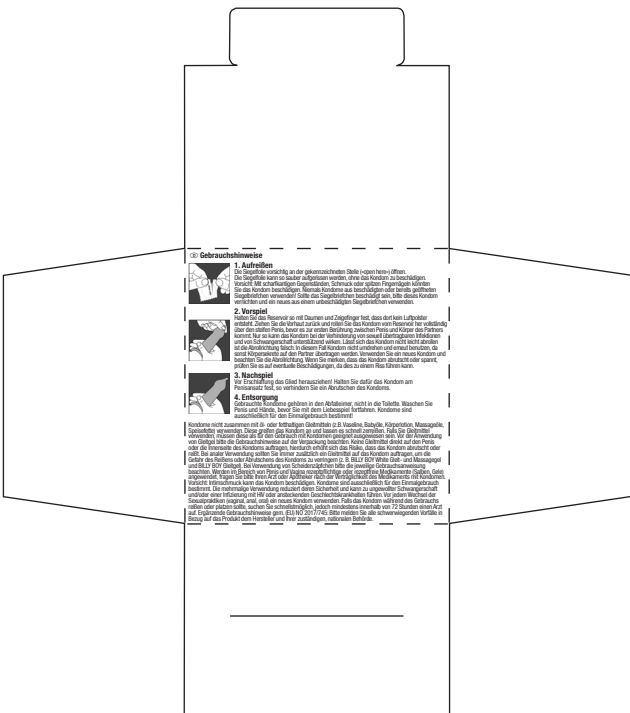

CMYK Euroscale. Special colours on request. Please leave the fields (A) with the mandatory information completely blank and remove the fold lines – full correct data will be implemented into the layout by us later. MAPA GmbH does not assume any responsibility for legal infringements resulting from the use of material, protected by copyright or otherwise, which has been provided by the customer for the design of the advertising condom packs or which are used at his explicit request. We therefore recommend to check all design elements correspondingly before usage. We reserve the right to change the layout or text of the mandatory information at any time, if it's necessary with regard to the identification of medical devices.
